A Drum Circle is a gathering of people to play drums and dance together. It draws from rhythmic traditions all over the world, from Ireland to Cuba to Ghana and beyond! With drums, people have instant access to making music. One strong leader creates the beat, everyone locks in (even the rhythmically challenged), and the interplay of the instruments becomes a creative expression of the group!

Craig Leland Sparks, Program Director of the School of Music, is a talented composer, vocalist, pianist and conductor. He is Director of Music at Ark and Dove Presbyterian Church and Artistic Director of the Bowie Senior Chorale.
